MEMORANDUM FOR	THE RECORD	
SUBJECT :	Discussion with SSCI Staff on Proposed Budget Action Concerning Technology Transfer	25X1
Participants:	OLL WR/TTAC - OSWR/TTAC Office of the Comptroller	25X1
Anril 1984 to d	ove participants met with five SSCI staffers on 6 iscuss an SSCI request of 16 March 1984 that the y Transfer Intelligence Committee develop a system	ı
Α.	identify potential diverters in connection with West-West licensing reviews and	
В.	support Customs and Commerce and other enforcement agencies concerning technology transfer violations and intelligence investigations	25 X 1
data bases (MER information in and DO's LEGEND provide useful suspected of te probably be morinvestigation a system. Additionsidered. We problem dependinecessitate fol teacher, and we that we put in protection of O	efed the SCCI on pertinent internal use only CIA LIN, LEGEND and ALLSTAR) that could provide useful meeting this request. We noted that TTAC'S MERLIN data bases, while still in their infancy, could information for export license reviews on firms echnology transfer diversions. ALLSTAR would be useful in supporting export control enforcement is it is basically a manual filing conal intelligence collection would also be noted that manpower contraints could pose a ling on the number of hits to queries that would low-up actions. Experience would be the best would have to start slowly to test any system place. We expressed our concern over the CIA sources and methods and coluding the possible legal use of such	25X1 25X
intelligence.		25 X 1
